Dear Patient

PREFERRED METHOD OF CONTACT

All organisations that provide NHS services, or publicly funded adult social care must have fully implemented and conformed to the Accessible Information Standard (1605) by 31st July 2016. This means we would like to record your preferred method of contact so that you can receive your health information in a format you can understand.

For most of us our preferred method of contact is our home number or mobile number but for example, if you suffer from hard of hearing or blindness that may not be suitable for you. If you or someone you are caring for wishes us to contact you in another way, please do let us know by informing the receptionist at the surgery. We will then record your needs by highlighting it on your medical records.

GP Partners

Dr Joanne Watt MBBS, MRCGP, DCH, DFFP
